

Quality. Service. Value.

Go to www.tps.com.au for the latest information on the complete TPS product range

Downloadable TPS Product Brochures

A sample of the front page of the new TPS 90 Series Brochure

The "Information Age" has made communications with customers faster and easier than ever. The other benefit is that you can send those customers high quality quotations and literature at the click of a mouse.

To help you achieve this aim, TPS now provides downloadable versions of our product brochures. The downloadable brochures are exact copies of the high quality literature you have come to expect from TPS. They have been compressed and converted to Adobe Acrobat "PDF" format. Users of all versions of Microsoft Windows and Apple computers can view and/or print the brochures using the free Acrobat Reader.

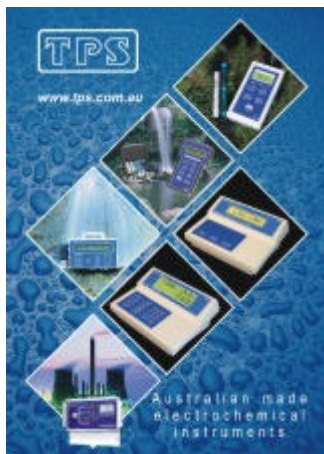

- **Exact copies of TPS product brochures.**
- **Adobe Acrobat PDF format can be opened by users of all computers using the free Acrobat reader.**
- **Compact file size for fast downloading.**
- **Professional appearance for your customer quotations.**

There are two ways to get to the downloadable brochures...

- Every product for which a downloadable brochure is available has a link to the brochure at the foot of its web page.
- We have provided a separate [Brochure Download Page](#) which contains links to all of the downloadable brochures.

Naturally, professionally printed glossy brochures are still available from TPS. Simply submit our [Brochure Order Form](#) to let us know what you need.

New Promotional Posters Available

A sample of the TPS General Product Poster

TPS has just printed updated versions of our promotional posters. They are available in a variety of designs to add colour to your offices or trade show stands.

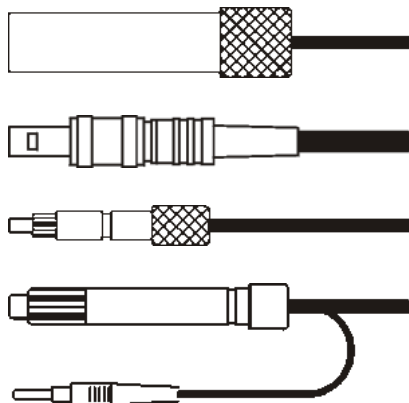

To showcase our product range, the General Product Poster (shown above) contains pictures of six of our separate product series'.

- ***General Product Poster features pictures of all series' of TPS instruments.***
- ***General Product Poster available in A2 (594 x 420 mm) or A3 (420 x 297 mm) sizes.***
- ***Separate posters available for individual product series' in A3 (420 x 297 mm) size.***

Additionally, each of these series' are available on their own poster.

Promotional Posters can be ordered using the [Brochure Order Form](#).

Connectors for pH, Redox, ISE & Reference Electrodes

Illustrations of some of the connectors from our [Sensor Connectors](#) page.

- **Connectors to suit most brands and models available.**
- **Sensors are fully tested with the connector fitted before despatch.**
- **Normal TPS warranty applies.**
- **High quality TPS sensors are usually much cheaper than European or American made equivalents.**

More and more end-users are changing to TPS sensors for their Metrohm, Radiometer, Orion, Hanna, Eutech and other brand instruments.

In most cases, TPS pH, Redox (ORP), Ion Selective and Reference sensors suit almost all other brands and models of instrument. Normally only the connector is different. To help you and your customer choose the correct connector for an instrument, TPS now lists all of the available connectors on a single web page. Illustrations are included.

The [Sensor Connectors](#) page can be accessed from the [Sensors](#) section of the TPS Web Site.

Supplying replacement sensors - even when the customer did not purchase the original meter from you - is an excellent way to win customers from the competition.

Please note that TPS sensors will not be suitable where the customer is currently using a sensor which incorporates a Temperature measurement element.

As always, don't hesitate to contact us if you have any questions regarding sensors or connectors.
